India is a land where ancient traditions meet the *pulse of modernity*, a nation under profound transformation.

The **Echoes of**
Change

resonate through every corner of India.

For a company that maps the unseen and explores the uncharted, these echoes symbolise the seismic shifts shaping a new India...

an India that is not just adapting to change but

leading it!

From the bustling cities to the rural heartlands

From cutting-edge agri-tech to traditional agriculture

From global manufacturing hubs to small, local businesses

Like ripples in a vast ocean, these changes are touching every corner of the country, signalling a new era of progress and innovation.

India's economic landscape has undergone a remarkable *metamorphosis*.

JUST A DECADE AGO

The economy was valued at US\$1.9 trillion.
And was the **10th** largest in the world.

TODAY

India's GDP stands at US\$3.7 trillion
Making it the fastest-growing major
economy. And the **5th** largest globally.

BY 2030

India's GDP is projected to reach
US\$7.3 trillion. To become the
world's **3rd** largest economy.

And these echoes reverberate wider and deeper...

JUST A DECADE AGO

The Indian manufacturing sector was grappling
with stagnation. Recording a modest growth
rate of just **2%**.

TODAY

The Indian manufacturing sector has
become a major contributor to the
nation's economic expansion. It has
grown by **9.9%**.

BY 2030

It is poised to grow
exponentially. It is going to
make India 'Atmanirbhar'. India's
exports are projected to soar to
US\$1 trillion.

This resurgence marks not just recovery but a bold stride
towards a future where India stands as a global manufacturing
powerhouse.

As the nation's economy nearly doubles in just a decade, so does its **appetite for energy**.

JUST A DECADE AGO

In 2014, India's demand for oil stood at 3.23 million barrels per day.

FAST FORWARD TO NOW

The demand has surged to 4.5 million barrels per day.

TRAVEL AHEAD OF TIME

Projections indicate that India will become the top-demand hub for oil by 2030.

This rising need echoes the relentless pace of the nation's growth and its expanding influence on the global stage.

As India transitions towards clean energy technologies, the demand for critical minerals will reach monumental heights. So will their import dependence.

Renewable energy in 2014

- The total renewable energy capacity in India was 75.5 GW
- It constitutes 31% of the total installed power capacity

Renewable energy now

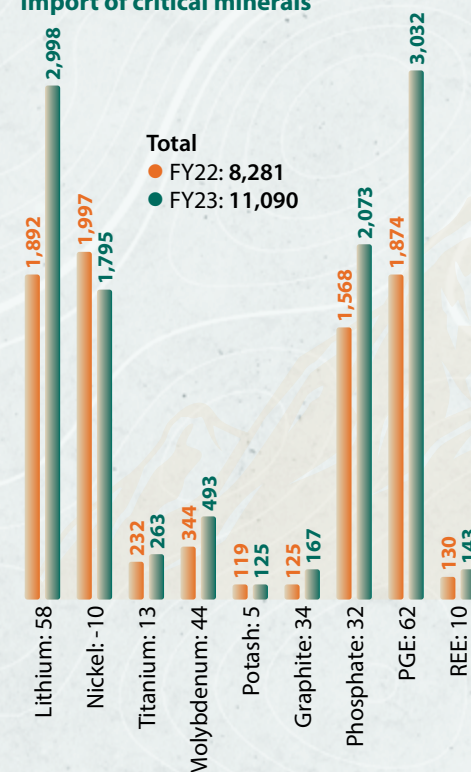

- The total renewable energy capacity in India is 180 GW
- India ranks 4th globally for total renewable power capacity additions
- It constitutes 43% of the total installed power capacity

Renewable energy 2030

- The government has set a target to triple its renewable energy share to 500 GW
- Aiming to add 50 GW of renewable energy capacity every year

Most of these minerals - which help power electric vehicles, wind turbines and solar panels - are imported from China, a leader in global production and supplier of these resources.

The Seismic survey space will feel the waves of positive change...

Despite this rising demand, India's exploration and production potential remain significantly untapped.

The Indian sedimentary basins hold about 651.8 million tonnes of crude oil and 1,138.6 billion cubic meters of natural gas.

The Ministry of Petroleum and Natural Gas has instituted sweeping reforms, empowering stakeholders to contribute to our nation's progress. To focus exploratory endeavours on discovering 'Yet to Find' resources, the Government has taken various path-breaking initiatives.

1

Initiated in 2015, the **Discovered Small Field (DSF)** Policy has garnered approximately US\$2 billion in investments and brought in 29 new players.

2

Earlier, 42% of the **Exclusive Economic Zone (EEZ)** was a no-go area for exploration. This has been reduced to 1% now. The opening up of the erstwhile no-go areas has paved the way for exploration activities in previously restricted zones, fostering investments, notably in regions such as the Andaman.

3

Through successive rounds under **OALP**, the government offers a sizeable number of oil and gas blocks to intensify exploration work.

By the end of 2024, it is anticipated that, after blocks are awarded under the upcoming OALP-IX and X bid rounds, approximately 5,60,000 km² will be explored. As a result, the area under exploration will increase from 10% of our sedimentary basin to 16%.

The Government intends to increase India's exploration acreage to 1 million sq. km. by 2030.

These facts indicate the significant potential for seismic survey space, one of the most critical exploration elements.

...and so will mineral exploration.

India aims to reduce the projected carbon emission by 1 Bn tonnes by 2030. It aims to reduce the carbon intensity of the nation's economy by less than 45% by the end of the decade and achieve net-zero carbon emissions by 2070. India would need considerable mineral resources to implement these plans. Hence, the government has taken these two major reforms:

1

The Union Cabinet approved the National Green Hydrogen Mission with an initial outlay of ₹19,744 Cr.

2

The PLI scheme in solar PV manufacturing with financial outlays of ₹24,000 Cr was introduced under Atmanirbhar Bharat. Imposition of Basic Customs Duty of 25% on Solar Cell & 40% on Solar PV Modules.

In FY24, the Government has taken up 125 new projects to explore critical minerals. Further, it has announced that it will auction nearly 100 blocks of critical minerals in 2024 and 2025.

We are India's leading onshore seismic survey company with multi-decadal experience in diverse Indian & international terrains.

Alphageo (India) Limited is a global leader in seismic services, renowned for its unparalleled expertise and cost-efficient solutions. With a stellar reputation in the geophysical services sector, we specialise in seismic data acquisition, processing, and interpretation, offering a comprehensive suite of services.

Our esteemed clientele includes industry giants such as ONGC, Oil India Limited, GAIL (India) Limited, and the Geological Survey of India, among others. With a presence

in 20 states within India and two countries internationally, we bring extensive experience to every project we undertake.

Under the astute leadership of Mr Dinesh Alla, our dedicated team of professionals ensures seamless day-to-day operations. Headquartered in Hyderabad, Telangana, we are proud to be listed on the BSE Limited and the National Stock Exchange of India.

At Alphageo (India) Limited, we remain committed to delivering exceptional quality and value to our clients while driving innovation and excellence in the seismic services industry.

"Alphageo stands at the threshold of a promising future. Our strategic initiatives, operational excellence, and unwavering commitment to innovation position us for sustained success"

Dear Shareholders,

With great enthusiasm, I present the Annual Report for the fiscal year 2023-24, a chronicle of Alphageo's journey through a year marked by extraordinary triumphs and formidable challenges. This document is a testament to our organisation's unwavering resilience and pioneering spirit as we navigated a complex business landscape.

Despite seasonal restrictions in our operations, we remained committed to our promise of excellence and timeliness, successfully completing projects scheduled for 2023-24. We also made significant progress on ongoing projects, overcoming logistical hurdles and adversities. Furthermore, we secured challenging projects that provide substantial revenue visibility for the current year.

Despite operational constraints due to seasonal factors, we steadfastly committed to deliver projects with excellence and punctuality. All projects slated for completion in FY 2023-24 were successfully delivered, showcasing our commitment to excellence. Moreover, substantial progress was made on ongoing projects, demonstrating our ability to overcome multi-dimensional challenges.

Our business development efforts resulted in the acquisition of complex projects, ensuring a robust revenue pipeline for the current fiscal year. Some of these orders are in locations that pose multiple challenges, such as socio-politics and terrain complexities. These wins testify to our ability to navigate these issues and deliver on our commitments deftly.

Promising potential

India is currently the world's third-largest crude importer. Considering the growing geo-political stress and increasing fragilities, which have a direct and immediate impact on crude prices, India's reliance on imported fuel could de-stabilise its economic resurgence.

Mindful of these probabilities, the Government is focused on increasing in-house production and continues to undertake

initiatives to increase exploration of the Indian landmass to unearth wealth below the surface.

Exploration has become the need of the hour to reduce imports and become Atmanirbhar. Moreover, the government is not just looking at crude oil. It is also developing alternate, greener fuel options to fuel the country.

India aims to become *Atmanirbhar* through clean energy and serve as an inspiration for the global Clean Energy Transition. India wants to become the Global Hub for the production, usage and export of Green Hydrogen and its derivatives. To achieve this ambitious goal, the search for minerals is vital.

Additionally, the government has introduced a new scheme that allows it to issue mineral concessions for various exploration activities, from reconnaissance to prospecting operations for all major minerals, except atomic minerals, to private agencies.

The Government intends to increase India's exploration acreage to **1 million sq. km. by 2030**

This is an important step in the right direction, opening mind-boggling opportunities over the medium term.

Having successfully completed the pilot project in 2019, we are well-positioned to capitalise on the forthcoming tenders. This programme aims to extensively cover unexplored regions, offering substantial growth opportunities in the mineral exploration domain.

As I conclude, Alphageo stands at the threshold of a promising future. Our strategic initiatives, operational excellence, and unwavering commitment to innovation position us for sustained success. I sincerely thank our dedicated team, valued clients, and esteemed shareholders for their relentless support and confidence in Alphageo.

Thank you for your continued trust and belief in our journey.

WARM REGARDS,
DINESH ALLA

Making a Difference, One Step at a Time

At ALPHAGEO, we firmly believe in the power of making a difference, one step at a time. Our unwavering dedication lies in creating meaningful change by bringing together our employees and communities to have a positive impact on every aspect of society.

Whether it is the economic, social, or environmental imperatives, we are committed to fostering growth and development. To achieve this, we empower communities through targeted interventions in crucial areas such as healthcare, education, and skill

development. Through our CSR initiatives, we invest in and support local neighbourhoods and communities, thereby strengthening our bonds with society. Through collaborative efforts and a people-centric approach, we strive to make a lasting difference. Our vision

goes beyond short-term fixes; instead, we work towards long-term solutions that have a lasting and positive impact on the communities we serve. With every small step we take, we move closer to a brighter future for all.

Our Approach

“We strive to create a positive impact on the society by leveraging our expertise and resources. We remain committed to being a force for good by investing in initiatives around Health and sanitation, education, and rural development”

Savita Alla (Joint Managing Director)

Our Focus Areas

We focus our CSR efforts on various communities in 2 major areas:

Education	Health & Wellness
<ul style="list-style-type: none">● Girl education● Skill development● Books, sports material & science lab equipment's● Educational infrastructure - Such as construction of toilets, renovation of school building and library, construction of school stage, development of playground etc.● Sponsorships for deserving candidates for higher studies	<ul style="list-style-type: none">● Redevelopment of primary health care centers● Infant care/ critical care● Medical equipment's for hospital needs and for medical camps organised by the health care centers for the benefit of the underprivileged people● Medical infrastructure such as development of special wards● Hospitalization costs for individuals battling the critical condition

CSR Commitment ~ 2023-24

During the financial year 2023-24, the Company's allocated budget for CSR initiatives was ₹25.86 lakhs. Of the allocated corpus, ₹3.41 lakhs was spent on education and ₹5.60 lakhs on Health and Wellness. The Company spent ₹8.48 lakhs for ongoing projects initiated in the financial year 2022-2023. This allocation was utilized for supporting school/institution infrastructure development

activities, critical hospital care for infants/babies, other health-related urgencies for providing medical equipment, and improving hospital infrastructure. Additionally, the Company spent ₹5 lakhs on projects initiated in the financial year 2021-2022, specifically for supporting the treatment of life-threatening diseases. Furthermore, the Company

spent ₹18.95 lakhs on ongoing projects initiated in the financial year 2020-21. This amount was spent for extending medical care/ support to infants/babies in orphanages, supporting girl child education through the Nanhi Kali Program, and providing educational aid to underprivileged children, as well as for infrastructure development at educational institutions.

CSR budget (Amount in ₹ Lakhs)

The Corporate Social Responsibility (CSR) initiative is a fundamental element of our Company's commitment to making a positive contribution to society. Our commitment

is evident through a decrease in unspent CSR funds and an increase in spending each year, as shown in the figure above. Our Company is dedicated to empowering the communities

in which it operates by designing achievable projects that benefit a large portion of society.

Our projects

Education

This initiative promotes holistic education support for children from socially and economically downtrodden sections of society. With a strong belief in education being the driver of socio-economic progress, the project was initiated to promote a holistic approach towards supporting the education sector. This project provides students, schools, and educational institutions with necessary learning resources and support.

The Company has undertaken a wide range of initiatives towards promoting education by strengthening educational infrastructure in the state through the rejuvenation and maintenance of 3 Government Schools and the construction of school toilets which has led to positive enrolment and attendance outcomes. These initiatives have positively impacted around 1,400 children.

The Company is funding CSR in education through multiple CSR projects. During the financial, the Company has spent 52% of its CSR funds on education, especially on empowering girls through various initiatives. The Company also focuses on fulfilling school needs of children in school. The Company has provided scientific lab equipment at Zilla Parishad High School, Ghatkesar to enable children to get familiar with various scientific subjects.

The Company also understands the importance of sports in every child's growth and development. Company intervention in Zilla Parishad High School, Ghatkesar by improving the playground and providing sports material for children is proof of the same.

The Company has continued its support Nanhi Kali project led by K.C Mahindra Trust and provided scholarships to 191 Nanhi Kalis which includes 50 girls of primary school (I-V) and

141 girls of secondary school (VI-X). The Company partnered with Milaan Foundation to support its girl icon program

and supported 20 Girl Icons who graduated in November 2023, in Madhya Pradesh with a scholarship of ₹10,000 each.

Health & Wellness

With the mission to serve and cater to the needs of the patients and to provide essential medical equipment and infrastructure to various hospitals to the rural interiors of Telangana the Company contributed towards Health & Sanitation Program. With the aim to improve health facilities the Company has spent 48%

of its CSR funds on Health and wellness Programme during the financial year 2023-24.

Our Company's commitment to healthcare initiatives is evident through support for medical facilities, and access to healthcare services for underprivileged communities. In the last financial year, your Company took various

initiatives for improving medical facilities at various primary health centers located in Telangana by providing essential medical equipment and infrastructure. The Company has provided 20 medical items to Bollaram Primary Health Care Centre described as BP Apparatus

Electronic Omron Fetal doppler, Accusure HB Hemoglobinometer, Weighing Machine Manual round Weighing machine baby & child, Glucometer Accusure with 25 strips, Mucus sucker Clinical thermometer, Digital thermometer, Examination table, Examination table mattress, Foot step double

regular, Stethoscope, SS Tray with lid 12*10, Instrument sterilizer – 10*5*3, Height scale wall model stature meter, Fetoscope Aluminum Enema Can SS, Pulse oximeter fingertip, Dressing trolley 3-shelf Complete SS, Fogger Machine as per the request received from the Primary Health Centre. Along with

this company has provided Anesthesia Ventilator to District Government Hospital, Malkajgiri as requested by the Hospital. During this year, Alphageo also continued its unwavering support for the ABC Society, working to improve the physical and emotional health of the infants.

Board of Directors

MR. DINESH ALLA
Chairman & Managing Director

Mr. Dinesh Alla is a Promoter Director and the Chairman and Managing Director of the Company. He is a postgraduate from BITS, Pilani. He has very rich experience and deep knowledge of the seismic survey industry and has immensely contributed to the growth of the Company with his incisive and broad-based knowledge. Under his guidance, the Company successfully executed many seismic survey contracts in various terrains. He is the chief architect in building the Company to be one of the biggest and most preferred vendors by major Oil Companies. He is also the chairman of the finance committee and corporate social responsibility committee of the board of directors and a member of the nomination and remuneration committee and the stakeholders' relationship committee of the Company's board of directors.

MRS. SAVITA ALLA
Joint Managing Director

Mrs. Savita Alla is the Joint Managing Director of the Company. She is a postgraduate in Management Studies from BITS, Pilani. Mr. Mahendra Pratap is an Independent Director on the Board of the Company. He is a postgraduate in physics and has taken management courses at the Indian Institute of Management, Lucknow, and the Indian School of Business, Hyderabad. He has an employment record of 36 years in Oil and Natural Gas Corporation (ONGC) in various positions, from Level-1 Employee to Executive Director. He also has around three years of experience in the Directorate General of Hydrocarbons (DGH) as Deputy Director General (Exploration) and retired on superannuation. He has wide experience and deep knowledge of all the facets of exploration, emphasising seismic technology. He has authored many technical reports, articles, and publications on the Hydrocarbon Prospects in various geological areas of India. He is a Member of the Audit Committee and Nomination and Remuneration Committee of the Company's Board of Directors.

MR. VINAY KUMAR VERMA
Independent Director

Mr. Vinay Kumar Verma is an Independent Director on the Board of the Company. He has a Master's in Business Administration and graduated in science with a banking qualification. He is the former General Manager of Andhra Bank, superannuated in June 2017. He has an employment record of 35 years in Andhra Bank. He is specialized in the fields of strategic and policy planning, risk management and resource management. He was on the Board of Nabsamruddhi Finance Ltd, a subsidiary of NABARD, Managing Trustee of Jaa Chetna Trust of Andhra Bank and associated with an Urban Cooperative Bank. He is a Member of the Audit Committee and Nomination and Remuneration Committee of the Company's Board of Directors.

Management Discussion & Analysis

Economic Overview

The year 2023 was filled with challenges like the Russia-Ukraine war, along with the Israel-Palestine war and tensions in the middle east. This has put major economies in a stagnant position. But experts project resilience during this crisis. Despite these challenges the world economy remained resilient.

According to the 2024 report by the United Nations World Economic Situation and Prospects (WESP), global economic growth is projected to slow from an estimated 2.7% in 2023 to 2.4% in 2024. This is lower than the pre-pandemic growth rate of 3.0%.

Developed economies like the United States have slowed down, whereas fast-growing Asian economies are the primary drivers of global growth.

Global inflation is expected to ease. From 5.7% in 2023, it is expected to fall to 3.9% in 2024. Despite this, price pressures remain high. Geopolitical crises are causing price volatility, which might lead to a rise in inflation and interest rates.

Despite these challenging situations, India is emerging as a resilient power. India has emerged as a powerful force, solidifying its position as the world's fifth-largest economy. India's GDP grew by 8.2% in FY24.

This growth is fuelled by vigorous domestic demand, especially in rural regions, and a thriving manufacturing sector, witnessing double-digit growth in crucial sectors such as steel and automobiles. Increased government spending on infrastructure has opened up avenues for growth. For FY25 the RBI expects a sustained GDP growth.

Despite global headwinds, India's exports reached a record \$776.68 billion in FY24. Merchandise exports fell to \$437.06 billion in FY24, while services exports grew by 4.4% to a record \$339.62 billion. The trade deficit improved by 35.77% from \$121.62 billion in FY23 to \$78.12 billion in FY24.

Overall, 2023 was a year of resilience with strategic measures to tackle global situations and foster growth.

India's Oil Sector

INDIA IS THE WORLD'S 3RD LARGEST OIL-IMPORTING AND CONSUMING NATION

Consumption: India is expected to have the largest growth in oil demand until 2030. The country's barrels per day (b/d) will reach 6.6 million b/d by 2030. Diesel is going to remain the single largest basis of oil consumption, accounting for almost half of the rise in the country's demand. In the last year, India's crude oil consumption rose by 4.6% to 233.3 million MT.

Imports: Even though the demand for crude oil is rising, India's domestic oil production remains stagnant at 29.4 Million Metric Tonnes (MMT). As of April 2022, India's crude oil reserves stood at 651.77 MMT. India imports close to 85% of its crude oil requirements.

According to the latest Oil Ministry's Petroleum Planning & Analysis Cell (PPAC) data, India imported 232.5 MMT of crude oil, refined into oil derivatives, which include petrol and diesel. But when compared to last year, India's imports fell by 4.4%.

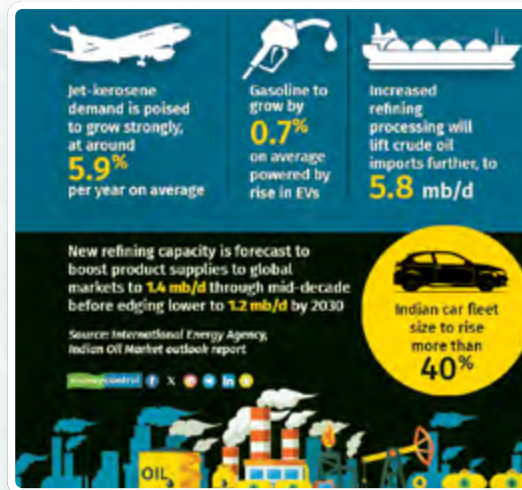

Production: India's oil production rose by 1.5% from 28.2MMT in FY23 to 29.4MMT in FY24. Even though the oil production rate is marginal, India has a surplus in refining capacity. The production of petroleum products increased by 3.6% in FY24 compared to last year.

India-Russia Trade: As India maintained diplomatic relations with Russia amid the war, it continued importing oil from Russia. In 2023, India emerged as the top buyer of

Russian oil, making up 32% of its total oil imports. Due to the war and volatility in prices, India reduced its imports from Russia in 2024. This has been compensated by imports from Saudi Arabia and Iraq.

Estimates: Oil demand is projected to surge in the upcoming years. Oil will become the largest source of power, accounting for nearly half of the rise in the nation's demand and more than one-sixth of total global oil demand growth through 2030. Jet-kerosene demand is poised to grow strongly, at around 5.9% per year on average. As the adoption of EVs is on the rise, it is projected to ease the demand for oil for transportation.

IEA's 2030 projections for Indian oil demand & supply growth

India's Gas Sector

India is currently the fastest-growing market for natural gas, but its share in the country's energy mix is still relatively small. To address this, the Government aims to increase the share of natural gas to 15% by 2030 and make India a "gas-based" economy in the future.

According to the IEA, natural gas demand reached 64 billion cubic meters in 2023, with a projected increase of 6% in 2024. The petrochemical, power generation, refinery, and industrial sectors were the primary drivers of this growth, with natural gas supply rising by 5% in 2023.

However, India's natural gas production is insufficient to meet its demands and heavily relies on imports. In 2023, imports of Liquefied Natural Gas (LNG) increased by 7% to 29 billion cubic meters, and the annual growth rate of natural gas imports is expected to be 4.9% from 2022 to 2050.

To simplify natural gas distribution and availability, the Government launched several initiatives in 2023, including the Unified Pipeline Tariff system.

This system creates a consistent, fair tariff for natural gas transportation and will apply to 21 pipelines, constituting 90% of the pipelines in operation.

Moreover, India has approved the National Green Hydrogen Mission, which aims to produce at least 5 million tonnes of green hydrogen by 2030 with a budget of \$2.4 billion.

India's Search for Oil

India's Government has been actively searching for oil due to the country's increasing energy demands. The Government has implemented various initiatives to enhance oil exploration and production, such as the National Exploration Licensing Policy, which aims to increase domestic oil and gas production by offering exploration blocks to private and public sector companies. Additionally, the Open Acreage Licensing Policy (OALP) enables companies to bid for exploration blocks without prior identification of blocks, thus speeding up exploration and production. Since 2016, nine rounds of OALP have been completed, with the latest round, OALP Round X, to be scheduled in August.

OALP-X may be one of the biggest so far in terms of area covered and the number of blocks on offer, and is expected to double the area under exploration. After the OALP-IX and X bid rounds are successfully completed, about 560,000 sq km area is expected to come under exploration by the end of the year. These initiatives have resulted in the award of 144 exploratory blocks, covering an area of approximately 242,055 square kilometers.

India's Hydrocarbon Exploration & Licensing Policy (HELP), launched in 2016, aims to create a favourable investment environment.

With these initiatives, India targets significant growth in the area designated for oil and gas exploration and production. The country aims to double the area to 1 million square kilometers by 2030, with a growth of 0.5 million square kilometers by 2025.

Apart from oil exploration, the Government is also promoting the adoption of new technologies in the oil and gas sector, such as the Digital Oil Field and Artificial Intelligence (AI) in Oil and Gas projects.

India's search for minerals

Minerals are natural resources essential for various industries and are crucial in promoting development. They are also vital in producing clean and green energy. However, India lacks mineral reserves and heavily relies on imports.

Between FY22 and FY23, the country witnessed a 34% increase in the imports of critical minerals, including Glauconite, Nickel, Platinum Group Elements (PGE), Potash, Graphite, Molybdenum (Ore), Phosphate, Lithium, Titanium, and Rare Earth Elements (REE).

According to the Ministry of Commerce, the value of these minerals increased by 34% in FY23, and India spent \$3 billion on importing PGE, which is used in making hard disks, computer chips, LCD screens, fuel cells, and jewellery.

Additionally, India depends on China for minerals required for wind turbines and solar panels, and with the rise of electric vehicles and consumer electronics, the import of lithium has surged by 58%.

The Indian Government is working on boosting mineral exploration in the country to reduce its dependence on other countries. It aims to strengthen the Mineral Exploration and Licensing Policy (MMDR Act) to streamline the mineral exploration and licensing process.

The Government has also introduced a transparent auction-based system for allocating mineral concessions and plans to auction around 100 blocks of 24 critical minerals this year.

Mineral exploration projects in India surged to 325 in FY24. The Geological Survey of India (GSI), under the Ministry of Mines, has been diligently conducting mineral exploration to enhance resources for various mineral commodities. During this period, GSI successfully established resources for Iron ore, Manganese, Chromite, Gold, PGE, Base metals, Rare Earth Elements, Molybdenum, Nickel, Tungsten, Lithium, Limestone, Bauxite, Graphite, Potash, and Phosphorite, among others.

Rajasthan led with the highest share, accounting for nearly a fifth of the total exploration projects. Coal exploration projects also saw an increase, rising to 17 in 2023-24 from 13 in 2022-23. These surveys resulted in significant resource augmentation, including 23.01

billion tonnes of coal, 16.6 billion tonnes of limestone, and 1.83 billion tonnes of iron ore. In terms of critical minerals, resources of 136 million tonnes (MT) of rare earth elements ore, 5.9 MT of lithium, 812 MT of glauconitic ore/potash, and 275 tonnes of cobalt were established.

More than 85% of India's minerals are located in eight states: Madhya Pradesh (27%), Andhra Pradesh (15%), Chhattisgarh (11%), Odisha (10%), Karnataka and Rajasthan (7% each), Gujarat (6%), and Maharashtra (5%).

In the 62nd Central Geological Programming Board (CGPB) meeting in February 2023,

the Geological Survey of India (GSI) provided 15 geological reports (at G2 & G3 stages) and 35 Geological Memorandums to various state governments. The reports identified 51 mineral blocks, including five blocks for gold and others for commodities such as potash, molybdenum, base metals, and more.

Outlook

The demand for oil and minerals will grow in the upcoming years. As India endeavours to establish itself as a prominent industrial center to meet global

demand, the requirement for vital resources will grow. Recognising this imperative, the Government has initiated significant measures to enhance exploration of India's landmass to uncover

its hidden wealth beneath the surface. As exploration activities are anticipated to escalate, the outlook for the seismic survey sector appears promising.

Internal Control & Adequacy

At Alphageo, we are committed to maintain a robust internal control system and an environment that ensures the prevention and detection of errors, and irregularities. Our internal control procedures encompass internal financial controls and compliance with various policies, practices, and statutes, considering the organization's growth and operational complexity.

Our comprehensive framework continuously monitors and assesses all aspects of risks associated with our activities and corporate profile, including commercial, financial, and

developmental risks. This framework is designed to align with the size and complexity of our business, ensuring the security of our assets and the efficiency of our operations.

We have established management reporting and internal control systems that enable us to monitor performance, strategy, operations, business environment, organization, procedures, funding, risk, and internal control.

Internal auditors conduct extensive audits throughout the year across all locations and functional areas,

submitting their reports to the Audit Committee of the board of directors of the company. These audits help us ensure compliance with internal control requirements, regulatory mandates, and the accurate recording and reporting of financial and operational information.

Through these measures, Alphageo strives to maintain an effective internal control system that supports our mission of delivering exceptional quality and value to our clients while driving innovation and excellence in the seismic services industry.

Human Resources

At Alphageo, the welfare of our employees has always remained our topmost priority. This commitment is underscored by the nature of our service-oriented business, which relies heavily on our people. Moreover, our projects often entail working in challenging terrains under harsh conditions.

Through our people-centric policies and initiatives, we strive to ensure that our workforce remains engaged, empowered, and motivated. Our HR policy is designed to cultivate a skilled workforce capable of adapting to the rapidly evolving business landscape, fostering a culture of flexibility, efficiency, and growth. At Alphageo,

we strongly advocate for self-directed learning. We encourage our team members to identify areas for improvement and pursue knowledge enhancement to refine their skills and drive continuous improvement in their performance.

As of March 31, 2024, the Alphageo team consisted of 108 dedicated employees.

Risk Management

Risks are inherent to Alphageo's operations due to the complex, highly regulated, and ever-changing operating environment. The Board and the leadership team are responsible for identifying, analysing, and appropriately addressing these business

risks. The Company effectively navigates these challenges through systematic risk management practices to achieve its business objectives and sustain growth in a volatile and complex environment. Alphageo's risk management framework

establishes guidelines to promote sustainability within its business model. The management collaborates closely to develop mitigation plans for potential risks that could affect the Company's operations.

OPPORTUNITY RISK

Declining business prospects can affect business sustainability.

Mitigation measures

- The government is allotting land blocks to oil and gas companies for exploring the availability of oil and gas

Board induction and familiarization Programme for independent directors

Prior to the appointment of an independent director, the company sends him/her a formal appointment letter which explains the role, functions and responsibilities expected from him/her as a director of the company. The details of the board familiarization Programme are explained in the corporate governance report forming part of this annual report and accessible on the website of the company at <http://www.alphageoindia.com/Familiarization%20Programme.htm>

Annual evaluation of board performance and performance of its committees and of directors

Pursuant to the provisions of section 178 of the Companies Act, 2013 read with rules made thereunder, and regulation 17 of SEBI (LODR), 2015 the Board has carried out an annual evaluation of its own performance, performance of the directors individually and the working of its various committees as per the evaluation criteria defined by nomination and remuneration committee for performance evaluation process of the board, its committees, and directors.

The evaluation has been carried out through a structured questionnaire covering various aspects of the board's functioning such as adequacy of the composition of the board and its committees, board culture, execution and performance of specific duties, obligations, independence, governance, ethics and values, adherence to corporate governance norms, interpersonal relationships, attendance, and contribution at meetings etc. Performance evaluation of independent directors was done by the entire board, excluding the independent director being evaluated. The evaluation process has been explained in the corporate governance report, which forms part of this annual report.

In a separate meeting of Independent Directors, performance of non-independent directors, the Board as a whole and Chairman of the Company was evaluated, considering the views of executive directors and non-executive directors provided

by them through the duly filed questionnaire submitted by each of the directors.

The Board and the Nomination and Remuneration Committee reviewed the performance of individual directors based on the duly filled structured questionnaire submitted by each of the directors.

Particulars of loans, guarantees or investments

During the year under review, the company received back the loan amount along with the interest of the inter corporate deposit which was extended by the company to M/s Godi India Private Limited for ₹1.50 crores at the interest rate of 14% per annum. Apart from this no loans and guarantees were provided to any other person or body corporate.

Particulars of contracts or arrangements with related parties

All contracts/ arrangements/ transactions entered by the company during the year under review with related parties were in the ordinary course of business and are on an arm's length basis and are in compliance with the applicable provisions of the Act and the Listing Regulations. The particulars of such transactions with related parties have been disclosed at note no. 40 in the standalone financial statements as required under IND AS 24- related party disclosures and as specified under section 133 of the Act read with rule 7 of the Companies (Accounts) Rules, 2014, as amended.

For material related party transactions entered by the company during the year company has obtained relevant shareholders' approval under regulation 23 of the listing regulations.

3. Independent directors

The Company believes that the presence of independent directors on the board ensures the process of decision making of the board unbiased and the interests of the stakeholders are best safeguarded. The independent directors of the company have been appointed in terms of the requirements of the Companies Act, 2013 ("Act") and SEBI listing regulations. The maximum tenure of independent directors is in conformity with the Companies Act, 2013.

No independent director has resigned from the directorship of the company before the expiry of their term of appointment during the financial year ended March 31, 2024.

Declaration by independent directors

The company has received declarations from the independent directors confirming that they meet the criteria of independence laid down in Section 149(6) of the Act read with schedule IV and rules made thereunder and

under regulation 16(1)(b) of the SEBI listing regulations. The board is of the opinion that the independent directors fulfill the criteria of independence as specified in the Act and the SEBI listing regulations.

Meeting of independent directors

In terms of the provisions of schedule IV of the Act read with regulation 25 of SEBI (LODR) Regulations, 2015, a separate meeting of independent directors of the company was held on 13th February, 2024 without the presence of non-independent directors. At the said meeting, the independent directors inter alia, discussed matters pertaining to review of performance of non-independent directors and the board as a whole, reviewed performance of the chairman of the company after taking into account the views of the executive and non-executive directors, assessed the quality, quantity and timeliness of flow of information between the company's management and the board. The meeting

was attended by all independent directors through video conferencing ("VC")/ other audio- visual means ("OAVM").

Familiarization Programme for independent directors

The Company familiarizes its independent directors with their roles, rights, responsibilities in the company, nature of the industry in which the company operates, business operations, etc. at the time of their joining. At the time of appointment of independent director, the company issues a formal letter of appointment outlining his/her role, functions, duties, and responsibilities. As per regulation 46 of SEBI Listing Regulations and Section 149 read with Schedule IV to the Act, terms, and conditions of appointment/reappointment of Independent Directors are available on the Company's website and can be viewed at <https://www.alphageoindia.com/Terms%20of%20Appointment.htm>

Further, the independent directors were also regularly apprised of all regulatory and policy changes. As per regulation 25(7) and 46 of SEBI Listing Regulations details of familiarization program imparted to Independent Directors are available on the Company's website and can be viewed at

<https://www.alphageoindia.com/Familiarization%20Programme.htm>

4. Committees of the board of directors

With an objective to have more focused attention on various facets of business, better accountability and ensuring compliances, the board has constituted committees which comply with the requirements of Companies Act, 2013 as well as SEBI listing regulations, 2015.

The Board Committees focus on certain specific areas and make informed decisions within the delegated authority. Each Committee of the Board, whether mandatorily required to be constituted or otherwise, functions according to its scope that defines

its composition, power, and role in accordance with the Act and the Listing Regulations.

The board comprises the following statutory and non-statutory committees:

- Audit committee;
- Stakeholders' relationship committee;
- Nomination and remuneration committee;
- Corporate social responsibility committee; and
- Finance committee.

The company's guidelines relating to board meetings are applicable to committee meetings as far as practicable. The tentative date of the board and Committee meetings was circulated to directors well in advance to facilitate them to plan their schedule. The committees can request special invitees to join the meeting as appropriate.

All the decisions and recommendations of the committees were placed before the board for their approval. During the year under review, there were no instances where recommendations of the committees were not accepted by the board. The minutes of the meetings of the committees were placed before the board for review.

The brief description of terms of reference, composition, meetings, and attendance of the committees during the financial year 2023-24 are provided below:

Audit Committee

The Audit Committee has been constituted under the provisions of the Companies Act, 2013 and SEBI listing regulations to discharge such duties and functions generally indicated under regulation 18 of the SEBI listing regulations, section 177 of the Companies Act 2013 and such other functions as may be specifically assigned to it by the board from time to time. The primary objective of the audit committee is to monitor and supervise

the management's financial reporting process with a view to ensure accurate and timely disclosures and transparency, integrity and quality of financial reporting.

The audit committee oversees the work carried out by management, statutory auditors, and internal auditors, in relation to the financial reporting process and has the power to investigate any activity within its terms of reference, to seek information from any employee, to obtain outside legal or other professional advice and to secure attendance of outsiders with relevant expertise, if it considers necessary.

Standalone Financial Statements

Independent Auditor's Report

To The Members of **ALPHAGEO (INDIA) LIMITED**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **ALPHAGEO (INDIA) LIMITED** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2024, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and a summary of material accounting policies and other explanatory information (hereafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in

accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

As mentioned in the note no 35 of the Ind AS Standalone Financial statement, During the financial year 2022-23, Directorate of Enforcement had seized ₹1601.08 lakhs of fixed deposits alleging Contravention under section 4 of Foreign Exchange and Management Act, 1999 (FEMA 1999). As explained in the above said note management yet to receive show cause notice from the adjudicating authority. Currently no provision on account of this matter made in the books of account.

Our Opinion is not modified in respect of above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Accuracy of revenue recognition:</p> <p>Measurement of Liquidated damages /Contractual Deductions involves critical estimates.</p> <p>As per Ind AS 115 Revenue should be recognised when (or as) an entity transfers control of goods or services to a customer at the amount to which an entity expects to be entitled.</p> <p>As per the standard, Company is required to recognise the revenue at the amount of the transaction price. While determining the transaction price, an entity is required to consider the effects of all of the following:</p> <ul style="list-style-type: none"> • Variable consideration • Constraining estimates of variable consideration • Consideration payable to a customer. <p>Applying the principles of Ind AS 115 to the given case, Critical Estimates involved as detailed below.</p> <p>Estimate the amount of consideration, Where the contractual deductions are inherent in determination of transaction price:</p> <p>Estimated Liquidated damages are critical estimate to determine the variable consideration. This estimate has an inherent uncertainty as the deductions will be impacted based on the work to be executed in future in accordance with the contract.</p> <p>Refer Notes 18 to the Standalone financial statements.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Based on our knowledge gained through Company's contract with customer and work completed till date, we reviewed the management workings on the calculation of Transaction price adjustment w.r.t to variable consideration i.e., adjustment of transaction price for the contractual deductions. • We also considered the historical accuracy of estimates made by management. • We further challenged management's contract risk assessments by enquiries, and review of correspondence with customers where available.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so,

consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows

and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or

conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would

reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 1i(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 1(b) above on reporting under Section 143(3)(b) of the Act and paragraph 1i(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses Unmodified opinion on the operating effectiveness of the Company's internal financial controls over financial reporting.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigation on its financial position as stated in Note no 34 to the Standalone Ind AS Financial Statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts, the company doesn't have derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the

aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule

11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. As stated in Note 42 to the standalone Ind AS financial statements
- (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) The company has not issued any interim dividend during the year.
- (c) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.

Based on our examination which included test checks the Company has used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective off shelf package .

The feature of recording audit trail (edit log) facility was not available for the accounting and maintaining the books of account relating to Fixed Asset Register, Sale invoices, Pay role, purchase order and work orders.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ALPHAGEO (INDIA) LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the

Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the

company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial

reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on “the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Notes annexed to and forming part of the Standalone financial statements

1. Corporate Information

- 1.1 Alphageo (India) Limited (the Company or AGIL) is a public limited company incorporated in the year 1987 under the provisions of erstwhile Companies Act, 1956 having its registered office at Hyderabad in the state of Telangana, India. The Equity Shares of the Company are listed with Stock Exchanges in India viz., BSE Limited, Mumbai and the National Stock Exchange of India Limited, Mumbai.
- 1.2 The Company is providing Geophysical Seismic Data Acquisition, Processing and Interpretation Services for exploration of hydrocarbons and minerals.
- 1.3 These financial statements were approved and authorised for issue by the Board of Directors on May 20, 2024.

2. Basis of Preparation of financial statements

The financial statements have been prepared as a going concern on accrual basis of accounting. The company has adopted historical cost basis for assets and liabilities except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy. The financial statements are presented in Indian Rupees (INR).

Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) Companies (Indian Accounting Standards) Rules as amended from time to time and other relevant provisions of the Act and the guidelines issued by Securities and Exchange Board of India (SEBI).

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per Company's operating cycle and other criteria set out in

Schedule-III of the Companies Act 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of Current or non-current classification of assets and liabilities.

An asset is classified as current if:

- (i) It is expected to be realised or sold or consumed in the Company's normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be realized within twelve months after the reporting period; or
- (iv) It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current if:

- (i) It is expected to be settled in normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be settled within twelve months after the reporting period;
- (iv) It has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non current only.

2.1 Material accounting policies

The Material accounting policies adopted in the preparation of these financial statements are detailed hereafter. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.2 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker.

Notes annexed to and forming part of the Standalone financial statements

The Chairman & Managing Director has been identified as the Chief Operating Decision Maker. Refer Note 39 for the segment information presented.

2.3 Foreign currency transactions

a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). Indian Rupees is the functional currency of the company. The financial statements and all financial information are presented in Indian rupee (INR).

b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency, using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

2.4 Use of estimates, assumptions and judgements

The preparation of financial statements in conformity with Ind AS requires management of the Company to make estimates and assumptions and judgements that affect the reported amounts of assets and liabilities and disclosure of contingent assets; liabilities at the date of the financial statements and the

results of operations during the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods.

Following are the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- Variable Consideration in accordance with Ind AS 115– Note 19(a)
- Estimated useful life of tangible asset – Note 2.7
- Estimated useful life of intangible asset – Note 2.8
- Estimation of expected credit loss on financial assets in accordance with Ind AS 109 – Note 33
- Estimation of defined benefit obligation in accordance with Ind AS 19– Note 30
- Estimation of Recognition of Deferred Tax Asset: Deferred Tax Asset (net) balances are recognised for the deductible temporary difference for which there is probability of utilisation against the future taxable profit. The company uses judgement to determine the amount of deferred tax asset that can be recognised based on likely timing and level of future taxable profits.

2.5 Revenue recognition

Sale of Services - Recognition & Measurement

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

Revenue from Seismic Data Acquisition, Processing and Interpretation Services are recognised on output basis measured by milestones reached, units delivered, efforts expended, number of transactions processed, etc.

Revenue on time-and-material contracts are recognised as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions, penalties and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company disaggregates revenue from contracts with customers by geography of services provided.

Dividend income

Dividend income on investments is accounted for when the right to receive the same is established. Dividend income is included in Other Income in the Statement of Profit and Loss.

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates

the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.6 Leases

As a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the company in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the company, exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

As a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

2.7 Property, plant and equipment

i) Recognition and measurement

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs if any of dismantling and removing the item and restoring the site on which it is located. Items such as spares are capitalized when they meet the definition of property, plant and equipment. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate

Notes annexed to and forming part of the Standalone financial statements

asset, as appropriate in property, plant and equipment the cost of replacing part of such an item when the cost is incurred if the recognised criteria are met. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

iii) **Derecognition**

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefit is expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is recognised in profit and loss in the period the item is derecognised.

iv) **Depreciation expense**

Depreciation is charged on straight line basis so as to write off the depreciable amount of the asset over the useful lives specified in Schedule II to the Act. The useful life of the assets are periodically reviewed and re-determined based on a technical evaluation and expected use. In case of revision in useful life of an asset, the unamortised depreciable amount is charged over the remaining useful life of such asset. The cases, where the useful life of assets so determined, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc., different from the useful life as specified under Part C of Schedule II of the Act as given below:

Nature of asset	Useful life
Machinery in the nature of Geophone strings and cables	5 Years
Machinery in the nature of equipment used for Seismic Survey	5 Years

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'.

2.8 **Intangible assets and amortisation**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Nature of asset	Useful life
Software	3 Years

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.9 **Financial instruments**

Classification, initial recognition and measurement

A financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial instruments are recognized on the balance sheet when the Company becomes a party to the contractual provisions of the instrument.

(i) **Financial assets**

Classification:

The Company classifies its financial assets in the following measurement categories:

Notes annexed to and forming part of the Standalone financial statements

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

At initial recognition

The Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement - Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

i. **At amortised cost:**

Financial assets having contractual terms that give rise on specified dates to cash flows that

are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.

ii. **At fair value through other comprehensive income (FVOCI):**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payment of principle and interest on the principle amount outstanding and selling financial assets.

iii. **At fair value through profit or loss (FVTPL):**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

Other equity investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

Investment in subsidiaries

Investment in subsidiaries measured at cost less impairment as per Ind AS 27.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand, Liquid Investments and short-term deposits with

Notes annexed to and forming part of the Standalone financial statements

an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts considered an integral part of the Company's cash management.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(ii) Financial liabilities

Classification, initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Trade and other payables

Trade and other payables represent liabilities for goods and services prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within

12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On de-recognition of a financial asset the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. On de-recognition of a financial liability the difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

Notes annexed to and forming part of the Standalone financial statements

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realised the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

2.10 Impairment of assets

Financial assets

The Company assesses at each date of balance sheet impairment if any of a financial asset or a group of financial assets. The company uses, in accordance with Ind AS 109, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL). Expected credit losses are measured through a loss allowance at an amount equal to: The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Non-financial assets

Property, Plant and Equipment and Other intangible assets with definite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount and impairment loss is recognised in the profit or loss.

2.11 Equity instruments

An equity instrument is a contract that evidences residual interests in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2.12 Inventories

Stock of Stores and spares is valued at lower of cost and net realisable value. Cost is determined considering the cost of purchase and other costs incurred for acquisition and on the basis of first in first out method (FIFO). Net realizable value is the estimated selling price in the ordinary course of business,

Notes annexed to and forming part of the Standalone financial statements

less estimated cost necessary to make the sale.

2.13 Tax expenses

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the prevailing tax laws for the year.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

Current tax assets and current tax liabilities are presented in the statement of financial position after off-setting the taxes paid or deemed to be paid and current income tax expenses for the year.

Deferred income taxes

Deferred tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset is recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward unused tax credits and the carried forward unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow total or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax after the tax holiday period.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis

The Company recognises interest related to income tax in interest expenses.

2.14 Provisions, contingent liabilities and contingent asset

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects

Notes annexed to and forming part of the Standalone financial statements

current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as other finance expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognised in the financial statements unless it becomes virtually certain that an inflow of economic benefits will arise and is probable. Contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.15 Employee benefits

(i) Short term employee benefit obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for accumulating compensated absences not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the present value of expected future payments to be made in respect of services provided using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plans - gratuity and;
- (b) Defined contribution plans - provident fund and state insurance plans.

(a) Defined benefit plans-gratuity obligations

The liability recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Notes annexed to and forming part of the Standalone financial statements

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in Other Comprehensive Income in the statement of changes in equity and other equity in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

(b) Defined contribution plans

Provident fund: The Company pays provident fund contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense as and when they are due.

State insurance plans: Employer's contribution to Employee State Insurance

plan is charged to Statement of Profit and Loss as and when due.

2.16 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, and not distributed on or before the end of the reporting period. Dividend is recognised as a liability in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

2.17 Earnings per share

Basic earnings per share is calculated by dividing the profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For calculating diluted earnings per share, the profit or loss after tax for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.18 Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.19 Recent accounting pronouncements (Standards issued but not yet effective)

No new amendments to Ind AS has been notified by the Ministry of Corporate Affairs ("MCA") during the current financial year.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	As at March 31, 2024	As at March 31, 2023
Defined benefit obligation	226.75	199.78
Discount rate: (% change compared to base due to sensitivity)		
Increase : +1%	220.54	194.05
Decrease: -1%	233.49	205.98
Salary growth rate: (% change compared to base due to sensitivity)		
Increase : +1%	233.84	206.46
Decrease: -1%	219.19	193.43
Withdrawal rate: (% change compared to base due to sensitivity)		
Increase : +1%	227.57	200.35
Decrease: -1%	225.92	199.19

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The major categories of plans assets are as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Funds managed by insurers	100%	100%
	100%	100%

Defined benefit liability and employer contributions

The company has purchased insurance policy to provide for payment of gratuity to the employees other than whole time directors. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the company. Any deficit in the assets arising as a result of such valuation is funded by the company. The company considers that the contribution rate set at the last valuation date is sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs will not increase significantly.

The weighted average duration of the defined benefit obligation is 4.00 years (March 31, 2023: 3.84 Years). The expected future cash flows over the next years, which will be met out of planned assets, is as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Defined benefit obligation-gratuity		
Less than a year	66.65	57.54
Between 2-5 years	141.54	129.22
Above 5 years	84.82	76.77

Notes to the Standalone Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

Risk management

The significant risks the company has in administering defined benefit plans are :

Interest rate risk: This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. These plans primarily invest in debt instruments such as Government securities and highly rated corporate bonds – the valuation of which is inversely proportional to the interest rate movements.

Salary cost inflation risk: The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

Financial instruments and Risk management

Note 30: Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Inputs are quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case with listed instruments where market is not liquid and for unlisted instruments.

Note:

(i) The carrying amounts of trade payables, other financial liabilities, cash and cash equivalents, other bank balances, loans and trade receivables are considered to be the same as their fair values due to their short term nature and recoverability from/by the parties.

Notes:

(i) In pursuance of exception in INDAS 107: Financial Instruments Disclosure in respect of Investment in equity instruments in subsidiaries carrying at cost, no further disclosure are required to be given in this regard.

Note 32: Financial risk management

The company's activities expose it to credit risk, market risk and liquidity risk. The company emphasis on risk management and has an enterprise wide approach to risk management. The company's risk management and control procedures involve prioritization and continuing assessment of these risks and device appropriate controls, evaluating and reviewing the control mechanism.

(A) Credit risk:

Credit risk is the risk of financial loss to the company if a customer to a financial instrument fails to meet its contractual obligations. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks. Credit risk of the company is managed at the company level. Credit risk on cash and cash equivalents is limited as the company generally invests in term deposits with banks thereby minimising its risk.

The credit risk related to intercorporate deposit given is influenced mainly by the borrower (Party). The credit risk is managed by the company by establishing monitoring the credit worthiness of the borrower before it grants intercorporate deposit.

The credit risk related to trade receivables is influenced mainly by the individual characteristics of each customer. The credit risk is managed by the company by establishing credit limits and continuously monitoring the credit worthiness of the customers. Financial assets are written off when there is no reasonable expectation of recovery.

Expected credit loss for trade receivables under simplified approach

Particulars	As at March 31, 2024	As at March 31, 2023
Opening expected credit loss	277.60	-
Add: ECL movement during the year	-	277.60
Closing expected credit loss	277.60	277.60

(B) Market risk:

Market risk is the risk that the future value of a financial instrument will fluctuate due to moves in the market factors. The most common types of market risks are interest rate risk and foreign currency risk.

i) Interest rate risk

Interest rate risk is the risk that the future cash flows or the fair value of a financial instrument will fluctuate because of changes in market interest rates. The interest rate risk is towards term deposits with banks. The company manages its market interest rates by fixed rate interest hence, the company is not significantly exposed to interest rate risks.

ii) Price risk

The company is exposed to risk from investments in mutual funds, bonds and debentures. The company has invested in quoted and unquoted investments with various mutual funds, bonds and debentures. The company is very cautious in their investment decisions and takes a conservative approach of investing in hybrid mutual funds, bonds and debentures with minimal risk. The table below summarises the impact of increase/(decrease) in the net asset value (NAV) of these investments.

The analysis is based on the assumption that the NAV has (increased)/decreased by 1% with all other variables held constant.

	Impact on profit after tax (Income) / Expense	
	For the year ended March 31, 2024	For the year ended March 31, 2023
-Increase in NAV by 1%	(29.91)	(55.47)
-Decrease in NAV by 1%	29.91	55.47

iii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. As the company is not foreseeing significant transaction in other than functional currency the exposure to the foreign currency is minimal.

Foreign currency exposure as at the reporting date:

	As at March 31, 2024		As at March 31, 2023	
	USD in numbers	Equivalent amount in ₹	USD in numbers	Equivalent amount in ₹
Balance with banks	614	0.51	614	0.50
Advance for suppliers	1,02,327	85.28	-	-
Payables for supplies against capital items	63,750	53.15	63,750	52.41

(C) Liquidity risk:

Liquidity risk refers to the risk that the company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

Notes to the Standalone Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

The company manage its risk from their principle source of resources such as cash and cash equivalents, cash flows that is generated from operations and other means of borrowings, to ensure, as far as possible, that it will always have sufficient liquidity to meet the liabilities.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date:

Note 33: Capital management

The company's financial strategy aims to provide adequate capital for its growth plans for sustained stakeholder value. The company's objective is to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and depending on the financial market scenario, nature of the funding requirements and cost of such funding, the company decides the optimum capital structure. The company aims at maintaining a strong capital base so as to maintain adequate supply of funds towards future growth plans as a going concern.

The Company monitors the capital structure on the basis of total debt to equity ratio:

Consolidated Financial Statements

Independent Auditor's Report

To The Members of **ALPHAGEO (INDIA) LIMITED**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of **ALPHAGEO (INDIA) LIMITED** ("the Holding Company" or "Company") and its subsidiaries, (Holding Company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of material accounting policies and other explanatory information (hereafter referred to as the "Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at March 31, 2024, and their Consolidated profit, their Consolidated other comprehensive income, their Consolidated changes in equity and their Consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the

Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Consolidated financial statements.

Emphasis of Matter

As mentioned in the note no 35 of the Ind AS Consolidated Financial statement, During the financial year 2022-23, Directorate of Enforcement had seized ₹1601.08 lakhs of fixed deposits alleging Contravention under section 4 of Foreign Exchange and Management Act, 1999 (FEMA 1999). As explained in the above said note management yet to receive show cause notice from the adjudicating authority. Currently no provision on account of this matter made in the books of account.

Our opinion is not modified in respect of above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Accuracy of revenue recognition:</p> <p>Measurement of Liquidated damages /Contractual Deductions involves critical estimates.</p> <p>As per Ind AS 115</p> <p>Revenue should be recognised when (or as) an entity transfers control of goods or services to a customer at the amount to which an entity expects to be entitled.</p> <p>As per the standard, Company is required to recognise the revenue at the amount of the transaction price. While determining the transaction price, an entity is required to consider the effects of all of the following:</p> <ul style="list-style-type: none"> • Variable consideration • Constraining estimates of variable consideration • Consideration payable to a customer. <p>Applying the principles of Ind AS 115 to the given case, Critical Estimates involved as detailed below.</p> <p>Estimate the amount of consideration, Where the contractual deductions are inherent in determination of transaction price:</p> <p>Estimated Liquidated damages are critical estimate to determine the variable consideration. This estimate has an inherent uncertainty as the deductions will be impacted based on the work to be executed in future in accordance with the contract.</p> <p>Refer Notes 19 to the Consolidated financial statements.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Based on our knowledge gained through Company's contract with customer and work completed till date, we reviewed the management workings on the calculation of Transaction price adjustment w.r.t to variable consideration i.e., adjustment of transaction price for the contractual deductions. • We also considered the historical accuracy of estimates made by management. • We further challenged management's contract risk assessments by enquiries, and review of correspondence with customers where available.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their

respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has

adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain

responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- We did not audit the financial statements of two subsidiaries (which includes one step down subsidiary) whose financial statements reflect total assets of ₹5900.58 Lakhs and net assets of ₹3612.41 Lakhs as at March 31, 2024, total income of ₹3260.07 lakhs, total net loss after tax and total comprehensive loss of ₹729.47 lakhs and net cash inflows amounting to ₹1299.95 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of Consolidated Financial Statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matters stated in the paragraph 1i(vi) below on reporting under Rule 11(g) of the

Companies (Audit and Auditors) Rules, 2014, returns and the reports of the other auditors.

- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid Consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 1(b) above on reporting under Section 143(3)(b) of the Act and paragraph 1i(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- With respect to the, Reporting on the adequacy of Internal Financial Control Over Financial Reporting of the Group and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to all the subsidiary companies incorporated in India in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017. Hence this report does

not contain a separate report on the internal financial controls over financial reporting of the Group under Clause (i) of Sub-section 3 of Section 143 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Group has disclosed the impact of pending litigation on its financial position as stated in Note 35 to the Consolidated Financial Statements.

ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts, the company doesn't have derivative contracts;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company in India and its subsidiary companies incorporated in India.

iv. (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either

individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. As stated in Note no 42 to the Consolidated financial statements

(a) The final dividend proposed in the previous year, declared and paid by the holding Company during the year is in accordance with Section 123 of the Act, as applicable.

(b) The Group has not issued any interim dividend during the year.

(c) The Board of Directors of the holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.

Based on our examination which included test checks, and as

communicated by the respective auditor of one subsidiary, the Holding Company and its subsidiary company incorporated in India have used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective off shelf package.

In case of the Holding Company, The feature of recording audit trail (edit log) facility was not available for the accounting and maintaining the books of account relating to Fixed Asset Register, Sales invoices, Pay role, purchase order and work orders and books of account relating to consolidation.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and its Indian subsidiary included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

- The Group is providing Geophysical Seismic Data Acquisition, Processing, and Interpretation Services for exploration of hydrocarbons and minerals.

Rules, 2015] and other relevant provisions of the Act and the guidelines issued by Securities and Exchange Board of India (SEBI).

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per Group's operating cycle and other criteria set out in Schedule-III of the Companies Act 2013. Based on the nature of business, the Group has ascertained its operating cycle as 12 months for the purpose of Current or non-current classification of assets and liabilities.

An asset is classified as current if:

- It is expected to be realised or sold or consumed in the Group's normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within twelve months after the reporting period; or
- It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

- The Consolidated financial statements were approved by the Board of Directors and authorised for issue on May 20, 2024.

2. Basis of preparation of consolidated financial statements

consolidated financial statements have been prepared as a going concern on accrual basis of accounting. The Group has adopted historical cost basis for assets and liabilities except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy. The consolidated financial statements are presented in Indian Rupees (INR).

Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards)

Notes annexed to and forming part of the Consolidated financial statements

A liability is classified as current if:

- (i) It is expected to be settled in normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be settled within twelve months after the reporting period;
- (iv) It has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current only.

2.1 Material accounting policies

The Material accounting policies adopted in the preparation of these consolidated financial statements are detailed hereafter. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at March 31, 2024.

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the group and will be deconsolidated from the date the control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income, and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

The financial statements of each of the subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e., year ended on 31 March.

Non-controlling interests (NCI)

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of profit and loss, Consolidated Statement of changes in equity and Consolidated Balance Sheet respectively

2.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker.

The Chairman & Managing Director has been identified as the Chief Operating Decision Maker. Refer Note 38 for the segment information presented.

2.4 Foreign currency transactions

a) Functional and presentation currency

The consolidated financial statements are presented in Indian rupee (INR), which is functional and presentation currency of the parent company.

Notes annexed to and forming part of the Consolidated financial statements

b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency, using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

c) Group companies

The results and financial position of foreign operations that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- All resulting exchange differences are recognised in other comprehensive income.

2.5 Use of estimates, assumptions and judgements

The preparation of consolidated financial statements in conformity with Ind AS requires to make estimates and assumptions and judgements that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods.

Following are the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

- Variable Consideration in accordance with Ind AS 115– Note 18
- Estimated useful life of tangible asset – Note 2.8
- Estimated useful life of intangible asset – Note 2.9
- Estimation of expected credit loss on financial assets in accordance with Ind AS 109– Note 32(A)

Notes annexed to and forming part of the Consolidated financial statements

- Estimation of defined benefit obligation in accordance with Ind AS 19– Note 29
- **Estimation of Recognition of Deferred Tax Asset:** Deferred Tax Asset (net) balances are recognised for the deductible temporary difference for which there is probability of utilisation against the future taxable profit. The company uses judgement to determine the amount of deferred tax asset that can be recognised based on likely timing and level of future taxable profits.

2.6 Revenue recognition

Sale of Services - Recognition & Measurement

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the group expects to receive in exchange for those services.

Revenue from Seismic Data Acquisition, Processing and Interpretation Services are recognised on output basis measured by milestones reached, units delivered, efforts expended, number of transactions processed, etc.

Revenue on time-and-material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions, penalties and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The group disaggregates revenue from contracts with customers by geography of services provided.

Dividend income

Dividend income on investments is accounted for when the right to receive the same is established. Dividend income is included in Other Income in the Statement of Profit and Loss.

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.7 Leases

As a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The

Notes annexed to and forming part of the Consolidated financial statements

right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The

company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

As a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

2.8 Property, plant and equipment

i) Recognition and measurement

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs if any of dismantling and removing the item and restoring the site on which it is located.

Notes annexed to and forming part of the Consolidated financial statements

- Items such as spares are capitalized when they meet the definition of property, plant and equipment. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.
- ii) **Subsequent expenditure**
Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate in property, plant and equipment the cost of replacing part of such an item when the cost is incurred if the recognised criteria are met. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
- iii) **Derecognition**
An item of property, plant and equipment is derecognised upon disposal or when no future economic benefit is expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is recognised in profit and loss in the period the item is derecognised.
- iv) **Depreciation expense**
Depreciation is charged on straight line basis so as to write off the depreciable amount of the asset over the useful lives specified in Schedule II to the Act. The useful life of the assets is periodically reviewed and re-determined based on a technical evaluation and expected use. In case of revision in useful life of an asset, the unamortised depreciable

- amount is charged over the remaining useful life of such asset. The cases, where the useful life of assets so determined, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc., different from the useful life as specified under Part C of Schedule II of the Act as given below:
- | Nature of asset | Useful life |
|--|-------------|
| Machinery in the nature of Geophone strings and cables | 5 Years |
| Machinery in the nature of equipment used for Seismic Survey | 5 Years |
| Machinery in the nature of Vibrators used for Seismic Survey | 20 Years |
- The group reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.
- Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'.
- 2.9 **Intangible assets and amortisation**
Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.
- | Nature of asset | Useful life |
|-----------------|-------------|
| Software | 3 Years |
- The estimated useful life and amortization method are reviewed at the end of each

Notes annexed to and forming part of the Consolidated financial statements

- reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.
- 2.10 **Financial instruments**
Classification, initial recognition and measurement
A financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial instruments are recognized on the balance sheet when the group becomes a party to the contractual provisions of the instrument.
- (i) **Financial assets**
Classification:
The Group classifies its financial assets in the following measurement categories:
- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
 - those measured at amortised cost.
- The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.
- For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable selection at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.
- The Group reclassifies debt investments when and only when its business model for managing those assets changes.

- At initial recognition**
The Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.
- Subsequent measurement - Debt instruments**
Subsequent measurement of debt instruments depends on the group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:
- i. **At amortised cost:**
Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.
- ii. **At fair value through other comprehensive income (FVOCI):**
Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payment of principle and interest on the principle amount outstanding and selling financial assets.
- iii. **At fair value through profit or loss (FVTPL):**
Financial assets are measured at fair value through profit or loss unless it is measured at

Notes annexed to and forming part of the Consolidated financial statements

amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

Other equity investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the group has selected to present the value changes in 'Other Comprehensive Income'.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand, Liquid Investments, and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the group's cash management.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(ii) Financial liabilities

Classification, initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Trade and other payables

Trade and other payables represent liabilities for goods and services prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Notes annexed to and forming part of the Consolidated financial statements

Derecognition of financial instruments

The group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On de-recognition of a financial asset the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. On de-recognition of a financial liability the difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

2.11 Impairment of assets

Financial assets

The Group assesses at each date of balance sheet impairment if any of a financial asset or a group of financial assets. The group uses, in accordance with Ind AS 109, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL). Expected credit losses are measured through a loss allowance at an amount equal to: The

12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables:

Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets:

Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Non-financial assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount and impairment loss is recognised in the profit or loss.

Notes annexed to and forming part of the Consolidated financial statements

2.12 Equity instruments

An equity instrument is any contract that evidences residual interests in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

2.13 Inventories

Stock of Stores and spares is valued at lower of cost and net realisable value. Cost is determined considering the cost of purchase and other costs incurred for acquisition and on the basis of first in first out method (FIFO). Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost necessary to make the sale.

2.14 Tax expenses

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

Current tax assets and current tax liabilities are presented in the statement of financial position after off-setting taxes paid or deemed to be paid and current income tax expenses for the year arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred tax is recognised using the balance sheet approach. Deferred income tax assets

and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset is recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Group will pay normal income tax after the tax holiday period.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Group recognised interest related to income tax in interest expenses.

Notes annexed to and forming part of the Consolidated financial statements

2.15 Provisions, contingent liabilities and contingent asset

Provisions are recognised when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as other finance expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements. Contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.16 Employee benefits

(i) Short term employee benefit obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for accumulating compensated absences not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the present value of expected future payments to be made in respect of services provided using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The group operates the following post-employment schemes:

- (a) Defined benefit plans - gratuity and;

Notes annexed to and forming part of the Consolidated financial statements

(b) Defined contribution plans - provident fund and state insurance plans.

(a) Defined benefit plans-gratuity obligations

The liability recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in Other Comprehensive Income in the statement of changes in equity and other equity in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

(b) Defined contribution plans

Contributions to Defined contribution plans are recognised as employee benefit expenses and charged to Statement of Profit and Loss.

2.17 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, and not distributed on or before the end of the reporting period. Proposed dividend is recognised as a liability in the period in which it approved by shareholders in a general meeting or paid in which it is paid.

2.18 Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For calculating diluted earnings per share, the profit or loss after tax for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.19 Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.20 Recent accounting pronouncements (Standards issued but not yet effective)

No new amendments to Ind AS has been notified by the Ministry of Corporate Affairs ("MCA") during the current financial year.

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

	As at March 31, 2024	As at March 31, 2023
Discount rate	7.23%	7.51%
Salary growth rate	4%	4%
Withdrawal rate	18.47%	18.47%
Retirement age	60	60
Average future services	19.36	21.24
Mortality table (L.I.C)	2012-14	2012-14

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	As at March 31, 2024	As at March 31, 2023
Defined benefit obligation	226.75	199.78
Discount rate: (% change compared to base due to sensitivity)		
Increase : +1%	220.54	194.05
Decrease: -1%	233.49	205.98

Notes to the Consolidated Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

Particulars	As at March 31, 2024	As at March 31, 2023
Salary growth rate: (% change compared to base due to sensitivity)		
Increase : +1%	233.84	206.46
Decrease: -1%	219.19	193.43
Withdrawal rate: (% change compared to base due to sensitivity)		
Increase : +1%	227.57	200.35
Decrease: -1%	225.92	199.19

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The major categories of plans assets are as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Funds managed by insurers	100%	100%
	100%	100%

Defined benefit liability and employer contributions

The parent company has purchased insurance policy to provide for payment of gratuity to the employees other than whole time directors. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the parent company. Any deficit in the assets arising as a result of such valuation is funded by the company. The company considers that the contribution rate set at the last valuation date is sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs will not increase significantly.

The weighted average duration of the defined benefit obligation is 4.00 years (March 31, 2023: 3.84 Years). The expected future cash flows over the next years, which will be met out of planned assets, is as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Defined benefit obligation-gratuity		
Less than a year	66.65	57.54
Between 2-5 years	141.54	129.22
Above 5 years	84.82	76.77

Notes to the Consolidated Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

Risk management

The significant risks the company has in administering defined benefit plans are:

Interest rate risk: This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. These plans primarily invest in debt instruments such as Government securities and highly rated corporate bonds – the valuation of which is inversely proportional to the interest rate movements.

Salary cost inflation risk: The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

Financial instruments and Risk management

Note 30: Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Inputs are quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case with listed instruments where market is not liquid and for unlisted instruments.

Note:

The carrying amounts of trade payables, other financial liabilities, borrowings, cash and cash equivalents, other bank balances, trade receivables, others and loans are considered to be the same as their fair values due to their short term nature and recoverability from/by the parties.

Note 32: Financial risk management

The group's activities expose it to credit risk, market risk and liquidity risk. The group emphasis on risk management and has an enterprise wide approach to risk management. The Group's risk management and control procedures involve prioritization and continuing assessment of these risks and device appropriate controls, evaluating and reviewing the control mechanism. Credit risk on cash and cash equivalents is limited as the group generally invests in term deposits with banks thereby minimising its risk.

(A) Credit risk:

Credit risk is the risk of financial loss to the Group if a customer to a financial instrument fails to meet its contractual obligations. The group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks. Credit risk of the group is managed at the group level.

The credit risk related to intercorporate deposit given is influenced mainly by the borrower (Party). The credit risk is managed by the company by establishing monitoring the credit worthiness of the borrower before it grants intercorporate deposit.

The credit risk related to trade receivables is influenced mainly by the individual characteristics of each customer. The credit risk is managed by the group by establishing credit limits and continuously monitoring the credit worthiness of the customers. Financial assets are written off when there is no reasonable expectation of recovery.

Expected credit loss for trade receivables under simplified approach

	As at March 31, 2024	As at March 31, 2023
Opening expected credit loss	277.60	-
Add: ECL movement during the year	-	277.60
Closing expected credit loss	277.60	277.60

Notes to the Consolidated Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

(B) Market risk:

Market risk is the risk that the future value of a financial instrument will fluctuate due to moves in the market factors. The most common types of market risks are interest rate risk, price risk and foreign currency risk.

i) Interest rate risk

Interest rate risk is the risk that the future cash flows or the fair value of a financial instrument will fluctuate because of changes in market interest rates. The interest rate risk is towards short term borrowings and term deposits with banks. The group manages its market interest rates by fixed rate interest. Hence, the group is not significantly exposed to interest rate risks.

ii) Price risk

The group is exposed to risk from investments in mutual funds, bonds and debentures. The group has invested in quoted and unquoted investments with various mutual funds, bonds and debentures. The group is very cautious in their investment decisions and takes a conservative approach of investing in hybrid mutual funds, bonds and debentures with minimal risk. The table below summarises the impact of increase/(decrease) in the net asset value (NAV) of these investments.

The analysis is based on the assumption that the NAV has (increased)/decreased by 1% with all other variables held constant.

	Impact on profit after tax (Income) / Expense	
	For the year ended March 31, 2024	For the year ended March 31, 2023
-Increase in NAV by 1%	29.91	55.47
-Decrease in NAV by 1%	(29.91)	(55.47)

iii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. As the group is not foreseeing significant transaction in other than functional currency the exposure to the foreign currency is minimal.

Foreign currency exposure as at the reporting date:

	As at March 31, 2024		As at March 31, 2023	
	USD in numbers	Equivalent amount in ₹ in lakhs	USD in numbers	Equivalent amount in ₹ in lakhs
Balance with banks	980,627	817.59	1,071,239	880.74
Advance for suppliers	102,327	85.28	-	-
Payables for supplies against capital items	63,750	53.15	63,750	52.41

(C) Liquidity risk:

Liquidity risk refers to the risk that the group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

Notes to the Consolidated Financial Statements

(All amounts in Indian ₹ lakhs, unless otherwise stated)

The group manage its risk from their principle source of resources such as cash and cash equivalents, cash flows that is generated from operations and other means of borrowings, to ensure, as far as possible, that it will always have sufficient liquidity to meet the liabilities.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date:

	On demand	Due in 1 st year	Due after 1 st year	Total
As at March 31, 2024				
Trade and other payable	-	877.50	-	877.50

As at March 31, 2023				
Trade and other payable	-	126.07	-	126.07
Other financial liabilities	-	434.92	-	434.92

Note 33: Capital management

The group's financial strategy aims to provide adequate capital for its growth plans for sustained stakeholder value. The group's objective is to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders. And depending on the financial market scenario, nature of the funding requirements and cost of such funding, the group decides the optimum capital structure. The group aims at maintaining a strong capital base so as to maintain adequate supply of funds towards future growth plans as a going concern.

The group monitors the capital structure on the basis of total debt to equity ratio:

	As at March 31, 2024	As at March 31, 2023
Claims against the company not acknowledged as debts in respect of		
- Income tax	601.58	601.58

During the financial year 2021-22, company received notices of demand under section 156 of the income tax act relating to the seven assessment years from 2014-15 to 2020-21 amounting to ₹601.58 lakhs on account of the dispute related to the allowability of depreciation. Company preferred to contest the same and filed an appeal before the relevant appellate authorities within the stipulated time. Company's management considered it to be probable that the appeal will be in its favor and has therefore not recognised the provision in relation to this demand and the same had been considered as contingent liability.

- b) Cancelled cheque in original, bearing the name of the Member or first holder, in case shares are held jointly. c) Bank attested legible copy of the first page of the Bank Passbook/Bank Statement bearing the names of the account holders, address, same bank account number and type as on the cheque leaf and full address of the bank branch. d) Self-attested copy of the PAN Card of all the holders; and e) Self-attested copy of any document (such as Aadhaar Card, Driving License, Election Identity Card, Passport) in support of the address of the first holder as registered with the Company Further, Shares held in electronic form: Members holding shares in electronic form may please note that their bank details as furnished by the respective DPs to the Company will be considered for remittance of dividend as per the applicable regulations of the DPs and the Company will not be able to accede to any direct request from such Members for change/ addition/ deletion in such bank details. Accordingly, Members holding shares in electronic form are requested to ensure that their Electronic Bank Mandate is updated with their respective DPs by Friday, September 20, 2024

KYC updation is mandatory for receiving dividend by Members holding physical shares

Members are requested to note that pursuant to SEBI Master circular Members holding securities in physical form must update their KYC details (any of the details viz., PAN; Choice of Nomination; Contact Details; Mobile Number, Bank Account Details, and signatures), if not updated earlier. Failure to meet KYC requirement will result in inability to receive dividends from April 01, 2024. Upon complying with the above requirements, dividend payment shall be made electronically. Shareholders are requested to update the KYC details by submitting the relevant ISR forms duly filled in along with self-attested supporting proofs to the RTA of the Company. The forms can be downloaded from the website of the company and RTA"

14. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests, viz., Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4. The said form can be downloaded from the Company's website <https://www.alphageoindia.com/Forms.htm> also available on the website of the RTA https://ris.kfintech.com/client services/isc/default.aspx#isc_download_hrd. It may be noted that any service request can be processed only after the folio is KYC Compliant
15. SEBI vide its notification dated January 24, 2022 has amended Regulation 40 of the SEBI

Listing Regulations and has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form. Members can contact Company or Company's Registrar and Transfer Agent Kfintech for assistance in this regard.

16. SEBI has mandated submission of PAN by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit their pan details to their depository participants. Members holding shares in physical form are requested to submit their pan details to the company's RTA.
17. Norms for furnishing of PAN, KYC, Bank details and Nomination: Pursuant to SEBI Circular no. SEBI/HO/MIRSD/MIRSDPoD1/P/CIR/2023/37 dated March 16, 2023, issued in supersession of earlier circulars has mandated all listed companies to record PAN, Nomination, Contact details, Bank A/c details and Specimen signature for their corresponding folio numbers of holders of physical securities. The folios wherein any one of the cited documents/details is not available on or after October 1, 2023, shall be frozen by the RTA. The securities in the frozen folios shall be eligible:
 - a. To lodge any grievance or avail of any service, only after furnishing the complete documents / details as mentioned above;
 - b. To receive any payment including dividend, interest, or redemption amount (which would be only through electronic mode) only after they comply with the above stated requirements.

The forms for updation of PAN, KYC, bank details and Nomination viz., Forms ISR-1, ISR-2, ISR-3, SH-13, and the said SEBI circular are available on our website <https://www.alphageoindia.com/Forms.htm> In view of the above, we urge Members holding shares in physical form to submit the required forms along with the supporting documents at the earliest. Members who hold shares in dematerialized form and wish to update their PAN, KYC, Bank details and Nomination, are requested to contact their respective DPs. Further, Members holding shares in physical form are requested to ensure that their PAN is linked to Aadhaar to avoid freezing of folios. Such frozen folios shall be referred by RTA/ Company to the administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002, after December 31, 2025.

18. To support the '**Green Initiative**' Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with the Company's RTA in case the shares are held by them in physical form.
19. Closure of Register of Members and Dividend
 - a) The Company has notified closure of Register of Members and Share Transfer Books from **Saturday, September 21, 2024 to Friday, September 27, 2024** (both days inclusive) for the purpose of AGM and determining the names of members eligible for final dividend on equity shares, if approved at the 37th Annual General Meeting.
 - b) The Board of Directors of the Company at its Meeting held on May 20, 2024 has recommended a dividend of ₹8/- per equity share of ₹10/- each as final dividend for the financial year 2023-24. Final dividend, if approved,

at the 37th Annual General Meeting, will be paid on or before **October 26, 2024**. The Company has fixed **Friday, September 20, 2024 as the 'Record Date'** for determining entitlement of members to final dividend for the financial year ended March 31, 2024, if approved at the AGM.

20. Members desiring to seek any information on the financial statements are requested to write to the Company at cs@alphageoindia.com an early date to enable compilation of information.

21. Unclaimed Dividend

Unclaimed dividend for the years 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23 are held in separate bank accounts.

Members whose dividends remain unclaimed are requested to write to the Company or its Registrar and Transfer Agent and claim their dividends. Members are requested to note that dividends not encashed or claimed within the due date mentioned below, will be transferred to the Investor Education and Protection Fund ("IEPF") of the Government of India as per the provisions of Section 124(5) of the Companies Act, 2013. In view of this, members are advised to send their requests to the Company or its Registrar for revalidation of the warrants and encash them before the due dates as listed below:
